How Do I Get My Student Data To ADE?

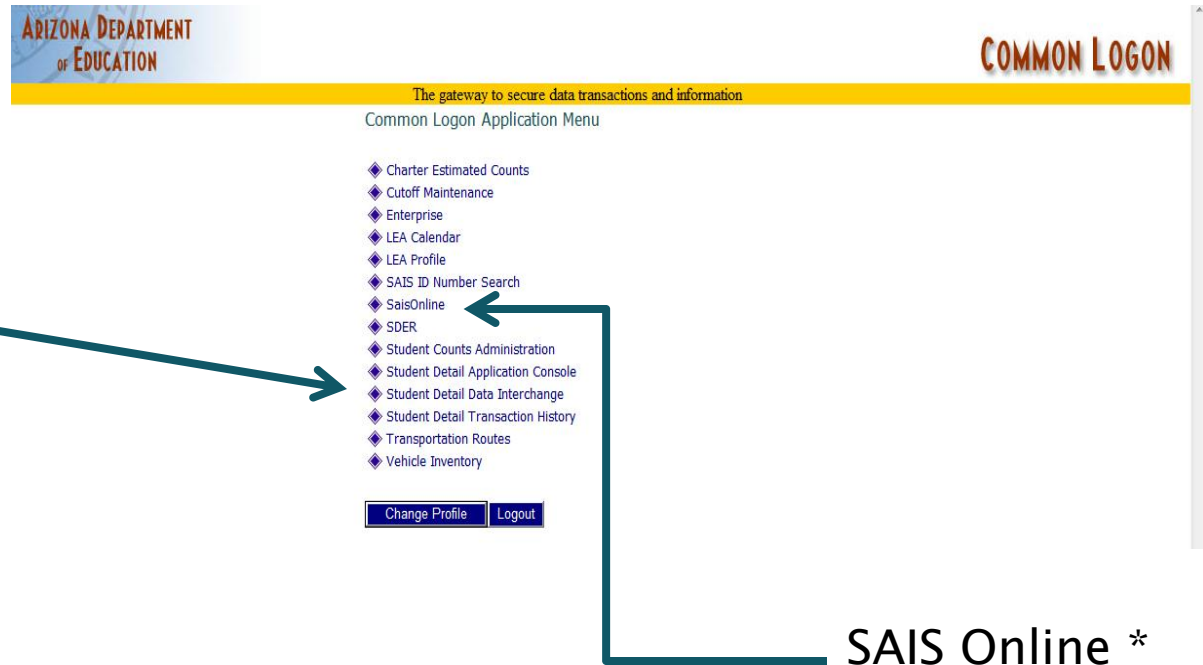

To start, you will need to log in to Common Logon, which can be found on the home page for ADE at www.azed.gov

If you do not have a current Common Logon account, need to add or remove permissions, or have forgotten your password, please contact Enterprise@azed.gov

How Do I Use SDDI?

The screenshot shows the SDDI interface with the following components and annotations:

- Header:** "Student Detail Data Interchange" and "Arizona Department of Education School District".
- Left Sidebar:** Includes the Arizona Department of Education logo, a "Fiscal Year: 2013" dropdown, and a vertical scrollbar.
- Main Content Area:** Features a "Select the school:" dropdown menu currently showing "Arizona Department of Education- (CTDS#)". Below this is a note: "* District / Charter Holder (Parent Entity)".
- Navigation Links:** A row of links at the bottom: "Upload Area", "Status Area", "Download Area", "Archive Area", "Maintenance Area", "Home", and "Help".

Annotations with arrows point to specific features:

- A black arrow points from the text "District/Holder Name" to the "Select the school:" dropdown.
- A red arrow points from the text "Select District or School Site Drop Down" to the "Select the school:" dropdown.
- A teal arrow points from "File Submission" to the "Upload Area" link.
- A green arrow points from "Check the status of your submitted files" to the "Status Area" link.
- A purple arrow points from "Where to view your Integrity results and SDDI Reports" to the "Download Area" link.
- A red arrow points from "Prior SDADMS-75 Reports" to the "Archive Area" link.
- A dark blue arrow points from "No Longer used from FY10 & forward" to the "Maintenance Area" link.
- A grey arrow points from "Back to SDDI Menu" to the "Home" link.
- A light blue arrow points from "A general SDDI Overview" to the "Help" link.

Student Detail reports are the individual student data reports that depict each student as opposed to student counts reports which depict all students combined in a summarized format. These reports are the basis for your expected payments and are the collection of data submitted to

ADE through SAIS. (View is shown at the LEA/District level. There are additional reports available at the school level)

Understanding the Student Integrity Status Report

- ▶ The Student Integrity Status Report can be run at the district level, or the school site level.
- ▶ Running the report at the district level will allow you to view all Integrity errors for your district at one time. Running at the individual school levels allows you to focus on particular Integrity errors by the selected school only.
- ▶ If you are unable to run the “XML” version of the Integrity report, the “Simple Text” option is available for use. If you are unsure if you can view an XML file, please contact your IT department.

Please select the appropriate format if downloading:

Understanding the SDADMS 72: Unadjusted Student Membership Report

- The SDADMS 72 Report is a School Level Report Only and can be found through SDDI. There is a Legend on the last page of this report that will list what the various “codes” in the “Codes” column are for each student.
- The 72 report is a compilation of the raw data that affects Average Daily Membership (ADM) and Average Daily Attendance (ADA) calculations for each student in a particular grade level within a school. In order to be considered for funding, the membership for a student who attends or has attended the school at any point within a given school year must first be listed completely and accurately on the SDADMS72 report. Therefore, the first step in reconciling student data related to school membership is to ensure that all students appearing on the school roster are listed as intended on the SDADMS72 report.

The SDADMS 75-1: Adjusted Student Membership Report

In order to generate state aid for membership, a student's records must be processed successfully during the ADE initiated process known as *ADM Aggregation*. Aggregation results are displayed on the SDADMS75-1 report. The SDADMS75-1 report displays the result of the most recent aggregation for ADM, LIM ADM and ADA for each student in a particular grade level within a school by reporting period. The SDADMS75-1 is updated only after aggregation processing has been completed and therefore may not include the results of recent transactions. Additionally, there is a Legend on the last page of this report that will list what the various "codes" in the codes column.

Therefore, it is recommended that LEA personnel who must reconcile student data related to school membership ensure that all students who are eligible for membership funding appear with expected results on the SDADMS75-1 report after aggregation processing completes.

Note: In order to generate state aid, the ADE School Finance Unit must update the Student Counts reports (i.e., 540-1, 45-1, 46-1, etc.) at the beginning of every month after a school district or charter holder passes the 40th day of instruction plus 13 ADE business days. The process repeats for 100th day of instruction as well. The results of the ADM Aggregation that ADE runs just prior to updating the Student Counts reports form the basis for the update. Therefore, it may be in the best interests of an LEA to thoroughly review the SDADMS75-1 report that is generated just after aggregation has completed.

Understanding How Your SDADMS 72 & 75-1 Reports Relate

To ensure proper funding for student membership, it is necessary for LEAs to be certain that the SDADMS75-1 report lists complete and accurate information for all students who are believed to be eligible for membership funding.

In order for a student membership to be listed accurately on the 75-1 report, certain student information must reside in the SAIS Student Detail Database and be listed appropriately on the SDADMS72 report at the time that ADE runs the aggregation process that creates or updates the 75-1 report.

What About Non-ADM Reports?

Key: *** = SPED or ELL

- ▶ The ELL & SPED reports can be reconciled in a similar manner.
 - Are all of the fundable students listed on the SD(***)75-1 report?
 - If not, are they failing Integrity?
 - Have you reviewed your SD(***)71 report for their enrollment and Integrity information?

What Happens With The Data In Student Details?

Once the data has been “pushed” (Finalized) the data will then generate a set of summary style reports called Student Count Reports

Student Count Reports are not automatically updated when data is changed in SDDI. They are only updated after the data has been pushed.

ADMS 40-2: Resident Average Day Membership Recap For FY12 & Prior

- A district level report, ADMS40-2 identifies reported ADM and ADA as well as approved ADA, and Adjusted ADM. It is designed to assist LEAs in determining the affect of excessive absences on ADM. The reporting period for ADMS40-2 is Day 1 through Day 100 of the district calendar. District totals are included as well as counts broken out into detail.

Approved Absence Days as reported on ADMS40-2 are reported by Grade grouping and segregated into four categories. The absence categories are: Illness, Refusal, Weather, and Chronic.

45-1: Membership & Absence Report

- Membership and Absence report (ADMS45-1) is a district/charter holder level report. It will report each school/charter site within a district or charter holder in sequence alphabetically. All students who are tuitioned-in to the requesting district will be counted and be reflected on this report, regardless of district of residence.

ADE 4235

ADMS540-1 contains two parts. Part One reports ADM and ADA by Grade with one row for regular counts. Part Two is a summary of Current Year ADM, and Current Year ADA reported by total for each Grade. Corresponding Prior Year ADM counts are presented for each Grade including the previous year's YTD absence percentage.

SPED 28-1: SPED ADM Counts

- The Recalculated State Aid SPED Counts (SPED 28) is a SAIS report for identifying the Resident SPED counts on which the school is funded. It is an LEA report with information segregated into 40th Day Counts and 100th Day Counts. Detailed information is reported by SPED Need.
